PROFILE

Dedicated and adaptable professional with 5 years of experience as a Shipping and Operation Support Executive in the e-commerce domain, demonstrating strong problem-solving skills, client communication, and operational support expertise. I have completed a 1-year internship in Angular development, where I gained hands-on experience building dynamic web applications using Angular, TypeScript, JavaScript, HTML, CSS and Bootstrap. I am now seeking a Front-End Developer role to combine my technical skills with my real-world business understanding and deliver impactful user-centric solutions.

WORK EXPERIENCE

Seed2Plant(e-commerce domain)

2020 - 2025

Shipping and Operation Support Executive

- 5 years of experience as a Shipping & Operation Support Executive in the e-commerce domain, handling customer queries, resolving issues, and ensuring high customer satisfaction.

Internship Projects

2024 - 2025

Product Description Module

- Developed a comprehensive product description module in Angular 17 featuring product listing, detailed product views, name-based search, and cart management. Integrated the Stripe payment gateway for secure checkout and utilized Angular's HttpClient to fetch product data from an external API.

GitHub Project

- <https://github.com/musthafa585-byte/product-description-module>

CERTIFICATION

Softmind tech

- Completed a 1-year internship focusing on front-end development using Angular 17.
